

state^{lot}activity:WA

MARCH QUARTER 2022

1 State summary

- The number of developer-lodged applications for residential and non-residential purposes in Western Australia decreased by 10 per cent each, from the previous quarter (December) to 510 and 134, respectively.
- The number of proposed lots among the lodged applications increased by eight per cent and 11 per cent from the previous quarter for residential and non-residential purposes, respectively.
- By the end of the March 2022 quarter, the number of proposed lots among applications under assessment increased by 11 per cent and 26 per cent to 9,287 and 839 for residential and non-residential purposes, respectively.
- The number of proposed lots granted conditional approval for residential purposes increased by seven per cent from the previous quarter to 3,649. The number of proposed lots granted conditional approval for non-residential purposes decreased by 18 per cent from over the same quarter to 414.
- At the end of the March 2022 quarter, the developers' stock of proposed lots granted conditional approval for residential purposes totalled 70,151. The numbers are very similar to the previous quarter (70,017). The developers' stock of proposed lots granted conditional approval for non-residential purposes increased by three per cent from the previous quarter to 5,867.
- The number of lots granted final approval for residential purposes during the March quarter decreased by 16 per cent from the previous quarter to 2,481. The number of lots granted final approval for non-residential purposes increased by 17 per cent over the same period to 542.

Note: the developers' stock of lots granted conditional approval includes subdivision approvals that have been granted an automatic two-year extension as a result of the amendments to the *Planning and Development Amendment Act 2020* to include Part 18 - Extension of time for endorsement of diagram or plan of survey due to the COVID-19 pandemic.

■ conditional approvals ■ final approvals

¹ The metropolitan region is made up of the Metropolitan Region Scheme and Peel Region Scheme areas, as defined by *Perth and Peel@3.5million*.

² The Peel Region Scheme includes the City of Mandurah and the Shires of Murray and Waroona.

³ Peel includes the City of Mandurah and the Shires of Boddington, Murray and Waroona.

Introduction

This publication contains statistical details of subdivision activity in Western Australia.

Coverage

1. Lot creation statistics are compiled from subdivision (including survey strata and vacant strata) applications lodged with the Western Australian Planning Commission (WAPC) for approval.
2. These statistics relate to lots for residential and non-residential purposes; for urban residential lots less than 3,000 square metres; and all non-residential and residential strata lots, irrespective of size. The non-residential component of these statistics includes counts of rural residential and special residential lots.
3. Strata lot statistics provided include all survey strata lots and vacant strata lots that require determination by WAPC. Built strata lots are not included in the strata lot statistics, as the majority of built strata applications are determined by local governments under delegated authority from the WAPC.

Definitions

Developer – lodged applications refers to those applications received by the WAPC for the purpose of subdivision.

Applications under assessment is the number of applications under assessment for conditional approval by the WAPC and includes those which have been deferred.

Conditional approval is granted by the WAPC for subdivision development to begin. The approval is preceded by an assessment of the proposed subdivision plan in consultation with servicing agencies. On receipt of conditional approval, the proponent may commence subdivision development in accordance with the conditions of approval within four years of the approval date. These approval conditions are based on outcomes from the consultative assessment.

Current conditional approvals are approvals creating five lots or less not older than three years and approvals for more than five lots not older than four years.

Formerly, development of lots was to be completed within three years. This period has been extended to four years by the *Planning and Development Act 2005* proclaimed on 9 April 2006. State lot activity statistics for the June quarter 2006 and later, reflect the new legislation.

Final approval is the WAPC endorsement of the proponent's submitted deposited plan or strata/survey strata plan describing the now complete subdivision constructed in accordance with the conditions set down in the conditional approval.

Deposited plans/strata plans that have final approval are registered with Landgate (formerly Department of Land Information) where certificates of titles for the newly created lots can be issued. The characteristic difference in lot numbers seen between conditional and final approvals arises from proponents choosing not to proceed with the subdivision in the specified four year period in accordance with the conditions of the conditional approval; either at all, only in part, or via another conditional approval incorporating a new plan for the subject land.

Green title lot is a conventional land parcel shown on a deposited plan registered with Landgate. The purpose of the lot is determined by an appropriate zoning under the relevant local government local planning scheme.

Survey strata is a form of strata created by the *Strata Titles Amendment Act 1995*. Simply, it defines ownership of a land parcel without reference to a building, even though buildings exist or will be constructed on all parcels. Survey strata schemes are either all vacant or all developed, excluding those lots where ownership is shared as common property. The lots on a survey strata plan look much the same as lots that are shown on plans and diagrams for green titles.

Vacant strata is created by the subdivision of a lot containing an existing dwelling. On coming into existence the strata plan will comprise a mix of developed and vacant lots, of which at least one will contain a dwelling.

Estimated median lot size is calculated using the legal area of the newly created lots. Prior to the September 2020 quarter, estimated median lot size had been calculated from a count of created lots grouped within lot size intervals that had become standards of the Department's application processing.

Geographic explanation

Data in this publication is presented by local government area and State planning region.

Metropolitan

Includes the following local government areas:

Central sub-region

- Town of Bassendean
- City of Bayswater
- City of Belmont
- Town of Cambridge
- City of Canning
- Town of Claremont
- Town of Cottesloe
- Town of East Fremantle
- City of Fremantle
- City of Melville
- Town of Mosman Park
- City of Nedlands
- Shire of Peppermint Grove
- City of Perth
- City of South Perth
- City of Stirling
- City of Subiaco
- Town of Victoria Park
- City of Vincent

North-east sub-region

- City of Kalamunda
- Shire of Mundaring
- City of Swan

North-west sub-region

- City of Wanneroo
- City of Joondalup

South-east sub-region

- City of Armadale
- City of Gosnells
- Shire of Serpentine-Jarrahdale

South-west sub-region

- City of Cockburn
- City of Kwinana
- City of Rockingham

Peel Region Scheme

- City of Mandurah
- Shire of Murray
- Shire of Waroona

State planning region

Perth metropolitan region

- Central sub-region
- North-east sub-region
- North-west sub-region
- South-east sub-region
- South-west sub-region

Peel

- City of Mandurah
- Shire of Murray
- Shire of Waroona
- Shire of Boddington

Gascoyne

Goldfields-Esperance

Great Southern

Kimberley

Mid West

Pilbara

South West

Wheatbelt

Balance of State

Includes all regional planning regions plus the Shire of Boddington. Excludes the Metropolitan region.

Regional

Northern regions

- Includes the Kimberley and Pilbara planning regions

Central regions

- Includes the Gascoyne, Mid West and Goldfields-Esperance planning regions

Wheatbelt region

- Refers to the Wheatbelt planning region

South West regions

- Includes the South West and Great Southern planning regions
