

2025 Participation Program Referral Agents Information

The Participation program funded by the Department of Training and Workforce Development focuses on the delivery of accredited training for groups of people who are under-represented in the workforce. Participation training aims to assist people to become job ready so they can participate fully in the workforce.

The Program is divided into two sub-programs:

- *Participation – Work Readiness* which provides training to unemployed people who are ready to work and seeking relevant skills and experience to access meaningful work; and
- *Participation – Equity* which provides assistance and training to unemployed people who have barriers accessing mainstream training to become job ready, so they can participate fully in the workforce. The eligible target groups under this sub-program are; Aboriginal and Torres Strait Islanders; Youth at Risk; Culturally and Linguistically Diverse; and People with Disabilities.

The Participation program has a targeted approach to recruiting students from the eligible target groups by using input from organisations (“Referral Agents”) that have a case-based management role with one or more of the cohorts: such as Disability Services Commission; selected Job Actives; Jobs and Skills WA Centres; community based organisations offering support services including accommodation, welfare, alcohol and drug rehabilitation etc.

The following organisations are available to act as referral agents for the Participation Program. A referral, via email, from one of these agencies naming the student and target group is proof of eligibility for the cohort.

Examples of referrals are:

- *Marcel Longbottom is currently being assisted by this organisation, is eligible under the ‘youth at risk’ category and is interested in undertaking automotive training with your organisation; or*
- *The people listed below are currently in receipt of services from this organisation, are eligible under the ‘Culturally and Linguistically Diverse’ category and are interested in undertaking retail training with your organisation.*

Note: Participation referral agents are requested to make decisions about which RTOs they think most meet the needs of their clients.

Participation referral agents may only refer their existing clients.
